

SJS - WHOLE SCHOOL HOME LEARNING

Next half term the whole school will be developing their understanding of the learning value of 'Curiosity and Imagination'.

As a part of this we would like the children to develop their curiosity about their own cultures and traditions, to ask questions and discover what makes them unique so that we can celebrate the wide range of identities that make our school so special.

Over the Christmas holidays and beginning of January we challenge the children to discover more about themselves so that they can share this at a whole school celebration event on **Tuesday 4th February**.

Children could:

- prepare a speech
- create a PowerPoint or poster to inform
- learn a traditional dance/song/poem to entertain
- prepare food to share with peers
- Wear traditional dress/clothing
- teach others key phrases in another language

At the sharing event, children will be able to use the questioning skills developed to discover more about the children they go to school with and celebrate the differences between them.

On **Thursday 6th February** we will have the exciting opportunity of being visited by Chinese exchange students. Classes throughout the school will host children, who are here to learn about Britain, for five days. Our students will also have the opportunity to learn about the traditions and culture of these students whilst they are here.

Mrs Booth

Assistant Headteacher

“Each and every one of us is special and has the chance to believe in our dreams and to discover our talents.”
