## Infants Year 1 Celebration event and Phonics Meeting

On Thursday 31<sup>st</sup> March, we would like to invite you into the hall at 9.00am to share and celebrate the children's learning throughout our Victorian topic. (After drop off, please wait by the hall door next to the playground equipment and we will invite you into the hall). We will show a video of their learning journey and then after this we will discuss what will happen in the Phonics Screening check. This is a Phonics check all Year 1 children will complete in the summer term. This event will take approximately 40 minutes.

To help keep us all safe, please may we ask that you wear a mask and lateral flow in the morning. We are limiting the event to 1 parent member so there are not too many people in the hall. We will keep all windows and doors open to ensure there is good ventilation. For anyone who cannot attend, we will upload the slides to the school website and the video to google classroom. Any questions about the event please see Mrs Lubbock-Smith.

## New devices - Infant School

We have some new computing devices arriving in school soon - we are really excited about these! If you have discovered any modern, fun, educational apps that are suitable for 4 - 7 year olds please do let us know and we will do our best to install them on the devices that the children can use in school.

## Juniors Year 3 Virtual Meeting—Sleepover

There will be a Virtual Year 3 Meeting for Sleepover on Thursday 31st March at 16.30pm This will inform parents of the arrangement for the sleepover, what to bring and the itinerary for the evening. It will be recorded and then added to the website. Link to follow.

# The Highway Code: update to rules on using mobile phones

From today (25 March), rules in The Highway Code are coming into force to make any hand-held use of a mobile phone while driving illegal, except in limited circumstances.

The changes were supported by 80% of respondents in a public consultation in 2021.

This means you must not use a device in your hand for any reason, whether online or offline. The law applies to you if you're:

- supervising a learner driver
- stopped at traffic lights
- queuing in traffic
- driving a car that turns the engine off when you stop moving
- holding and using a device that's offline or in flight mode

There are exceptions, such as if you need to call 999 or 112 in an emergency or making a contactless payment in a vehicle that is not moving.

[You can find the full rules on using a phone, sat nav or another device when driving on GOV.UK](#)

The government's award-winning THINK! team will launch an [awareness campaign](#) today to remind drivers not to use a hand-held phone at the wheel and the penalties of choosing to ignore this new law.

### Why staying up to date is important

It's important that everyone – not just learner drivers – understand their responsibility for the safety of other road users.

Many of the rules in the code are legal requirements, and if you disobey these rules you're committing a criminal offence.

If you do not follow the other rules in the code, it can be used in evidence in court proceedings to establish liability.

### How to stay up to date

The full version of [The Highway Code is available, free of charge, on GOV.UK.](#)
