## Shirley Juniors Governors response to Parent Survey

The school governors were grateful to those of you who completed the Parent Survey in January 2023. We have considered all responses and overall were extremely pleased.

Below is a summary of the questions and responses

### Behaviour and Safety

My child is happy at school .....88% agree

My child feels safe at school.....90% agree

My child is well looked after.....87% agree

School makes sure pupils are well behaved....73% agree

School deals effectively with bullying.....78% agree (this has increased since the last survey)

*We as governors are proud that Shirley Junior School is an inclusive school where children develop their ability to regulate their emotional responses. This takes time, practice and understanding. The school recognise that behaviour needs to be taught, and they believe in creating space in the curriculum to do this.*

*When incidents occur, children are helped to reflect on the impact of their actions and think about how they might have responded in a more helpful way, while still feeling safe in the knowledge that they are accepted for who they are, valued and cared for. The school fosters the belief that making mistakes is normal, it is how they repair and rebuild from them that matters.*

*On the rare occasion when a pupil displays extreme behaviour often in moments of crisis or distress, all staff are committed to responding predictably, promptly, assertively and in a way that helps the child develop their regulation skills. While there is minimal disruption to other pupils' learning, not every behaviour can be anticipated.*

### Teaching and Learning

My child makes good progress.....81% agree

My child is taught well.....86% agree

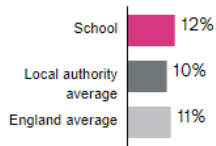

My child receives appropriate homework.....78% agree (this has increased since the last survey)

*The governors' recognise the challenges that the school has ensuring pupils catch up following COVID. Evidence from governors and HAMWIC visits shows the curriculum design and quality of teaching in the school is strong and that children make good progress in their time here.*

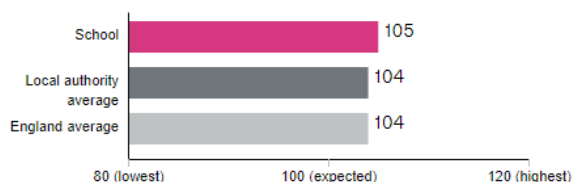

### Pupils meeting expected standard in reading, writing and maths ?

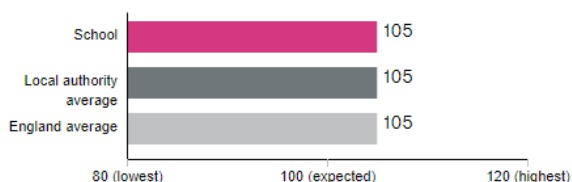

### Pupils achieving at a higher standard in reading, writing and maths ?

### Average score in reading ?

### Average score in maths ?

## Leadership and Management

School is well led and managed.....79% agree

Would you recommend the school .....88% agree

*The governors feel that the leadership team is strong and effective. They support the development of their staff while holding them to account for the safety, wellbeing and progress of every child.*

## Communication

School responds well to any concerns raised...69% agree -

I receive valuable information about my child's progress ..... 65% agree

*Governors believe the school has robust communication measures and an informative website in line with other schools, offering two parents' evenings and a progress report every year, as well as giving parents regular opportunities to come into school every half term to share their child's learning.*

*We have asked the school leaders to explore these areas with parents to find out more, so that the way the school communicates is supportive of the community.*

Peter Gould and all members of the Governing Committee

Chair of Governors

We have put the slides from the recent parents' Zones of Regulation workshop on the junior website for both schools to see. Go to the Parents section and click on Behaviour and Relationship Resources. The video of the talk will be published as soon as it's edited.

### **Apparatus after school**

Can we kindly remind you to not let children use the climbing apparatus in any of the playgrounds after school; they can only be used during school day, when supervised by staff. Thank you

**Lots of parents ask us how to support their child when they fall out with their friends—This looks like a great workshop to attend as a parent**

### **Making Friends and Friendship Fallouts - Free Class**

**Thursday, 30th March 2023 7:30pm**

**This month's theme is: Helping your child make positive friendships and handling friendship fallouts**

Many children can struggle to find and keep friendships. Others pick best friends you don't think are a good fit for them, or constantly fall out with each other. In this class, we'll explore ways you can help your child build positive friendships that last.

In this class, you will learn about:

- Why some children struggle to make and keep friends
- How to build your child's confidence and assertiveness in a friendship group
- Strategies to help develop social skills, like turn taking and sharing
- Ways you can support your child through a friendship breakup

#### **Book your space on this class**

<https://us06web.zoom.us/meeting/register/tZIsdeqgqjsiG9TWkdtYI-DQQZB83aSODy7L>

#### **How to ask a question?**

Email your questions in advance to [info@myfamilycoach.com](mailto:info@myfamilycoach.com). We try to answer as many questions as possible during each class, but the earlier you get your question in, the more likely they will be answered during the class.

#### **What to expect?**

The class will be hosted by one of our behaviour experts. They will start the session with a short introduction to share their extensive experience with you.

Then it's time to talk about this month's theme and the questions we've received from you. Do remember to email these to us before the class. You'll hear lots of practical and helpful ideas to help you at home.

At the end of the session, our expert will share useful resources from the My Family Coach website linked to this month's theme and tell you about our next events.

#### **About your host**
