

SCHOOL VISIT INFORMATION SHEET

4TH January 2024

Dear Parent / Carer,

On 22nd January 2024, we will have a visitor coming into the school to teach the year 6 children how to sculpt with chicken wire for the art unit of our upcoming 'Wolves' project.

As part of their sculpture unit, the children will be creating their own wolf's head with chicken wire. This workshop, which we also held last year, proved vital for the children to gain the skills needed to use the tools and materials.

Each class will have their own individual workshop, to learn from an expert in the field. They will also get to bring the lovely sculptures they make on the day home to keep.

Event Name	Chicken Wire Sculpture Workshop
Event Organiser	Miss Guy
Date	22 nd January 2024
Cost -	£7 – This can be paid online via the MCAS App/Website

Yours sincerely

The Year 6 Team
