

## SCHOOL TRIP INFORMATION SHEET

28.04.22

Dear Parent/Carer,

As a part of our project “All the Fun at the Fair”, we would like to take the children to Paultons Park for them to experience and explore the science behind roller coasters. Alongside getting to test out many different styles of rides at the park, the children will have the opportunity to take part in a roller coaster science session led by the education team at Paultons Park. Year 5 will then use their experiences to help them design and make their own model theme park at the end of the year.
