6th September 2021

Dear Parents/Carers,

Year 4: In2Music Class Lessons

As part of your child's music curriculum, he/she will be learning to play a musical instrument in a class based lesson led by music teachers from Southampton Music Service. These lessons will be held once a week on a Tuesday for the whole of the academic year. During these lessons your child will learn how to play, perform and read music.

This year, we are delighted to offer the children the opportunity to play either the flute, trumpet or ukulele. Please could you complete and return to your child's class teacher the slip below which highlights your child's wishes regarding which instrument they would like to learn to play by inserting 1 to 3 in order of preference. Whilst SMS will try to give every child their first preference this may not always be possible. All the instruments are great to learn. **Please return the slip by Friday 10th September 2021.**

In2Music is a great way to introduce learning a musical instrument to children and I hope that if your child enjoys the experience then they may wish to continue learning their instrument with the Southampton Music Service peripatetic music teachers in Year 5 and 6 and join our school orchestra.

I look forward to hearing about their progress throughout the academic year.

Yours sincerely,

Suzanne Andrews

Extra-Curricular Music Co-ordinator
