

## SCHOOL TRIP INFORMATION SHEET

20<sup>th</sup> March 2024

Dear Parent/Carer,

Year 5 are planning to take the children to the River Hamble to explore its' features. This will support the children's understanding of the physical geographical features of rivers which we will be using in our upcoming project "The Power of Water".

Whilst at the park, children will take part in a range of geography fieldwork skills including field sketching, map reading and measuring tributary water flow. Please ensure children wear wellies and weather appropriate clothing (that can get muddy!) underneath their school jumper. Bringing a spare pair of socks and potentially trainers in their back pack is also advisable.
