?

I hope you had a good half
term holiday! I did!
and now ... it is time to do some spellings!

This half term, is recap half term!

- **This half term, we are going to recap the spelling principles that you either learnt with your class teachers or with me during your Home Learning. I will be referring you back to the previous Home Learning power points when we are discussing the spelling principles.**
- **This week we are going to focus on the prefixes 'dis' and 'un'.**

What is a prefix?

- Let's remind ourselves what are prefixes by watching this BBC Bitesize clip.
- <https://www.bbc.co.uk/bitesize/topics/z8mxrwx/articles/z9hjwxs>

Prefixes

- So a prefix is a letter or a group of letters added to the front of a root word to change the meaning of the word.
- They are not words in their own right!
- The root word always stays the same when the prefix is added to the front.
- There are many prefixes. In the Spring term you looked at many prefixes with your class teachers.
- What do the prefixes 'dis' and 'un' do the meaning of the word when they are added to the front of the root word?

Prefixes 'dis' and 'un'

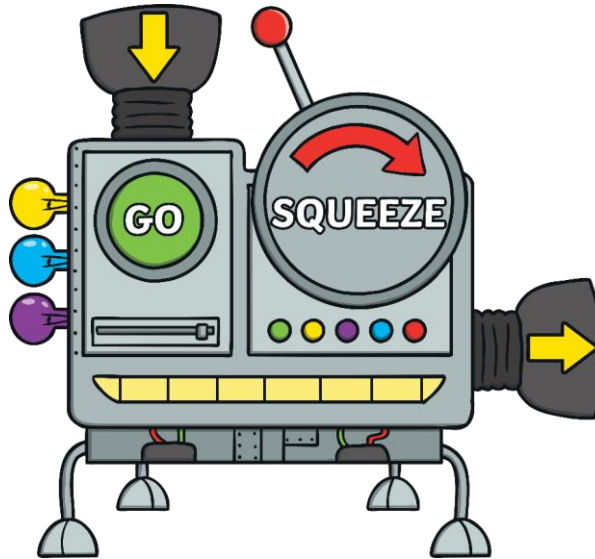

- The prefixes **un- and dis-** either change the meaning of the root word to the **exact opposite** of its original meaning or mean **not**.
- REMEMBER: If the root word starts with the same letter as the end of the prefix the letter will be doubled.
- Can you think of any words which start with the prefixes 'un and 'dis'?
- Tell your adult.
- For example. disobey means the opposite of obey (or not to obey)
 - prefix 'dis' + root word 'obey' = new word 'disobey'
 - unhappy means not happy
 - prefix 'un' + root word 'happy' = new word 'unhappy'
