Our Minstead Sessions

THERE IS NO PLANET 8

All our activities will link to There's no Planet B

- Map work/Orienteering
- Sustainable living energy focus and food (winter gardens)
- Polluted rivers study
- Woodland experiences

WE WILL BE WORKING OUTSIDE - CHECK THE KIT LIST AGAIN!

Sleeping Arrangements

The Centre has 2 dorms (1 for the boys and 1 for the girls) for the children with adjoining bathrooms and adult rooms.

All beds are bunk beds.Bedding is provided! TEDDIES ARE NOT - bring your own!

They are either side of a large group room - which houses bean bags and the hub of the sustainable energy!

All visitors to the Centre have sole residential occupancy, giving a real sense of safety and security, and meaning that the children develop a sense of ownership.

https://www.hants.gov.uk/education andlearning/minsteadstudycentre

Have a look at the website with your child to get them used to what it looks like!

Returning from Minstead:

Children will have lunch and then will return to school to be picked up by the end of the school day - usually about 2pm (ish).

Snowy and **Barn** - back Wednesday into school Thursday and Friday

Eagle and **Tawny** - Back Friday

FAQ

Are the children allowed to bring games and cameras?

Yes to small games - cards etc for own spare time - but no electronics

Yes to disposable cameras - but they are their own responsibility.

Can we contact the children?

Just like in school the children will be with safe trusted adults and the days will be full of activities.

How will anxious first time away from home children be looked out for at night?

Each part of the week we have at least one mum! The children will be aware of all that will be happening.

We will have a bedtime routine - probably with a story. The adults are then on call as they sleep next to the dorms.

Try and visit the local area before and look at the website with them.

Can the children contact home?

The children will be so busy with their activities that there won't be time!
